

N	Close schools that are more costly to operate/maintain	2
N	High Schools = no closure	
N	Use of vacant buildings by competition	
N	Close schools that do not provide central secure entry	
N	Close schools that lack technology	
N	Close schools that could be repurposed in the community as housing	
P	ADA Accessibility	2
P	Keep buildings that promote educational quality	
P	Close buildings in the worst physical condition	
C	Age of school/building	2
C	What to do with hold empty buildings? Consideration for future schools needs?	2
C	All schools need controlled entrances & air conditioning	2
C	Move smaller school populations and combine to fill low capacity buildings	
C	Cost of keeping school open (ex electric/heat, upkeep)	
C	Consider charter closure first	
C	Find lease agreements	

N	Maximize students academic outcome/performance	5
----------	---	----------

C	Consider K8 programs (ex Combine elementary with middle as a K8)	4
C	DONOT transition to K8 schools	
C	Ensure manageable start and stop times	
C	Combine two schools into one, names stay the same like Reuther/Harbo side	
C	Change HS boundary- give to disperse population equally	
C	Consider full day 4 Year Old Kindergarten	
C	Minimize any loss to Title 1 funding
